

A photograph of a modern Alder building at dusk. The building features a large, white, rectangular structure with a grid-like facade. The word 'alder' is written vertically in large, black, 3D letters on the left side of the structure. The building is illuminated from within, and the sky is a deep blue with some clouds. In the foreground, there are some green bushes and a paved area. The overall aesthetic is clean and modern.

## ACCREDITATIONS

### WELS Scheme

At Alder we are proud of the water and energy efficiency of our products. All our tapware, mixers and showers have been awarded a WELS rating after being tested by the governing body.

**WELS Standard AS/NZS6400:2005**  
**Water Efficient Product** - Rating and labeling.

### WaterMark

Alder products comply with all Watermark requirements and the mandatory certification scheme. This confirms compliance of our products in accordance with The Australian Building Codes Board (ABCB) "Procedures for certification of Plumbing and Drainage Products" and the Standards referenced therein.

**License:** WM-002002 Watermark Level 1  
AS/NZS 3718 Water supply tapware  
**License:** WM-022307 Watermark Level 1  
AS/NZS 3662 Performance of showers for bathing

### Australian Standards

Alder design and produce all products in accordance with the following standards:

**AS/NZ 3718** - Water supply tapware  
**AS 3662** - Performance of showers for bathing  
**AS 4020** - Products in contact with drinking water  
**AS/NZS6400:2005** Water efficient product - Rating and labelling
